

Campus Placement Policy

1. Eligibility Criteria

To be eligible to participate in the campus placement process, a student must have a minimum CGPA of 6.5 and must have no active backlogs at the time of the placement drive. Students with one or more active backlogs may be permitted to sit only for selected companies at the discretion of the Training and Placement Cell.

A student who has already accepted an offer through the campus placement process is not permitted to appear for further companies, except in the case of dream companies as defined in Section 3.

2. Registration and Conduct

Every eligible student must register on the placement portal before the announced deadline. Registration once submitted is binding, and a student who fails to appear for a scheduled test or interview without prior written approval may be debarred from the next three companies.

Students are expected to maintain professional conduct during all placement activities. Any form of misrepresentation in the resume, including false claims of projects or internships, will result in immediate disqualification from the placement process.

3. Company Categories and Offer Policy

Companies are categorized by annual compensation into three tiers. Tier 1 includes companies offering a package above 20 lakh per annum, Tier 2 includes packages between 10 and 20 lakh per annum, and Tier 3 includes packages below 10 lakh per annum.

A student who has accepted a Tier 3 offer remains eligible to appear for Tier 1 and Tier 2 companies. A student holding a Tier 2 offer may appear only for Tier 1 companies. A dream company is any Tier 1 company, and a student may appear for one dream company even after accepting an earlier offer.

4. Internships

The placement cell also coordinates summer internships for pre-final year students. Eligibility for summer internships requires a minimum CGPA of 6.0. A pre-placement offer received during a summer internship is treated as a regular placement offer for the purpose of this policy.
